Title : Insertion of Sound Segments into a Voice Channel of a Communication Device	

Mail Stop Amendment

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

INTERVIEW SUMMARY

The undersigned representative thanks Examiner Eng for the courtesy of the telephonic interview held on April 3, 2008.

In the call, Examiner Eng and applicants' representative discussed the status of the application after the prosecution had been reopened based upon the remarks of the pre-appeal brief. The Examiner indicated that in light of the reopening of prosecution and withdrawal of the previous rejections, further searching needed to be completed before determining whether the case would be allowed. Moreover, the Examiner offered to contact applicants' representatives if further issues/art are discovered prior to the mailing of the Office Action. Applicants' representatives thanks the Examiner for the offer. To the extant a call is necessary, applicants' representative looks forward to hearing from Examiner Manoharan or Examiner Eng.

Respectfully submitted,

Date: 4/8/08

/Gabriel Olander/
